LETTERS TO THE EDITOR

Editor,
Lemon Grove Review:

Dear Mr. Goodwin:
Why must we have a hospital built and a District maintained by taxes? I am not against the hospital but I am against it being built by tax money. If the \$800,000 bond issue passes, state and federal agencies will give us \$1,173,700, a grant but that money also came from taxes that you and I paid.

Since the taxpayers of this very large district are paying to have our own hospital we will have to encourage people from outside the district to use it in order to operate it at the highest efficiency level. But if we are so efficient in getting outsiders to use our hospital there might not be much of our hospital left for the taxpayers so that it isn't our hospital - it is a people's hospital from all districts, all cities and all states.

Some excited people say the need is vital for our own and our children's sake. But why not one without taxing everyone in the district? If we are concerned with the good of our children, which is a good thing - and tax ourselves on this and many other things we are asked to pay for, it will be harder to save money (which is almost impossible now) and we won't even have enough money left to pay our way into our hospital, - and our children, will they be able to pay our bills when they grow to adulthood and raise their own families.

I have four small children, the oldest, a boy almost nine, Bonds will take 20 years to pay and my oldest son will be almost 29 before the end of the hospital bonds.

The Hospital District has 85,000 population. In 1952, 5,432 people voted, 4,215 voted yes, 1,217 voted no, and I take my hat off to the 1,217 who voted no. They could fore-see more taxes put on us and tried to stop it. Too many of us fail to realize the importance of our vote at every issue and bond issue out before us. Let's start using our rights as citizens and property owners and vote.

It is the local resident's responsibility to find out what the issues are and they can always find this through local civic organizations or through their local newspaper.

To the 1,217 who voted no and feel that it is too late to do anything about it, I say let them take heart because it is never too late to start.

If this bond issue passes the impact of it will be felt when you receive this year's tax statements, one week after the bond election. It will hurt.

Many hospitals in the past have been built on endowments and donations from wealthy. We are told this is no longer possible because the tax system takes up all this surplus. Look what it's doing to us, little persons, who don't have the money lying loose as many wealthy people do. The same tax system which is drying up the surplus money of the wealthy is taking practically every penny over and above our actual living expenses that our family get together.

Our district is very large and a lot of improvements are to come and all of these will cost more money in bonds and taxes. How much more can we afford?

We can't pay for everything with taxes! If you are a family as mine is, think what will happen if they suddenly decide to stop the GI exemption law. We simply couldn't afford to pay our taxes.

Each of us should do something about the hospital issue. If you're for the hospital by all means go out and fight for it. If you're against it on a tax consideration, as I am, get out and say so. There are a good many people who do not know there will be a bond election on October 27.

Ask your friends and neighbors. Talk about it. Ask questions. If anyone asks me how to build a hospital not on tax money, I have no idea how to answer them. But they build one that way in Linda Vista and at 23rd and C Streets and at 54th and University. Let's find out how they did it. There must be some other way out.

Vote the way you feel is right but do vote. Ask yourself while you're doing it how much more can we afford to pay in taxes.

Sincerely,
Audree Burch

The MASON LINE

by Chan Mason
COMMUNITY LOYALTY IS a most commendable trait, but old time provincialism is outdated, we believe. With this in mind we must ask our good neighbors to the north of us if La Mesa is not taking rather a selfish attitude in attempting to convince the Co. Planning Commission to junk their plans for a Community Center in Lemon Grove, in favor of a regional center for La Mesa. They also suggest the abolition of the present Home-lands Judicial District Court in order to set up a larger Judicial District with headquarters where? You guessed it, La Mesa!

—ML—
THEIR HASSEL WITH THE State in regard to location of the Freeway with La Mesa boundaries is their own particular squabble, but rumor has it that attempts are still being made to divert the present plans from the proposed route between Camino Road and North Ave. If this is true, it should enlarge the scope of the aforementioned hassele considerably, we say.

—ML—
ON THE MORE PLEASANT side: did you know that Edmund J. Dunn of Lemon Grove is one of the county's biggest contractors? To name a few of his buildings, Bank of America at Mariborough and El Cajon, First National Bank, La Mesa, El Cajon Building and Loan, La Mesa Helix Theatre, La Mesa Comanche Bowl, and he is now constructing

Do-It-Yourself Hits Lemon Grove

Lemon Grove seems to be turning into a community of spare time experts (or reasonable facsimiles thereof) in the intricate arts of carpentry, painting, plumbing, gardening and so forth, according to Hank Carr, proprietor of the hardware store bearing his name in Lemon Grove.

Tools and materials from the community hardware store are symbols of participation in this social change, he said.

This will probably go down in history as the "Do It Yourself Decade" and will mark a return to pioneering self reliance. More than four billions dollars worth of merchandise to do-it-yourself will be sold this year, Carr said.

Probably one of the main influences on the family do-it-yourself program was the war during which the woman in the family took a job at one of the war plants and learned to twist a screw driver, swing a hammer or apply a paint brush.

Local independent home owned hardware stores during the coming week will distribute booklets on how to do-it-yourself to all who request them.

League Of Women Voters Meets Monday

San Diego League of Women Voters will be entertained by Mrs. Jack Stern of Fallbrook at the unit meeting Monday at 7:30.

Protective services for neglected dependent children will be discussed. The meeting is open to the public and all interested women are invited to attend.

Carbonate Ore Johnson Hits The Jackpot

C. O. (Carbonate Ore) Johnson holds an 8 lb. piece of quartz mineral in which is embedded a 2 inch tourmaline. Johnson's collection of gems still attracts considerable attention from gem enthusiasts.

Old miners don't die—they just dig away.

With this paraphrasing of General MacArthur, C. O. Johnson of 7570 Waite Dr. in Lemon Grove has at the age of 74 finally struck pay dirt after a lifetime of working and dreaming. Even the name given him at birth prophesied his field of endeavor. C. O., whose initials are for Carbonate Ore, was given that name when he became first white child born during the South Dakota Black Hills gold rush in 1877.

According to Johnson he has mined one of the largest vermiculite deposits in the U. S. and based on reports of Mining Engineer, Don Weaver, there are well over 4,000,000 tons of vermiculite in Mr. Johnson's holdings just east of Lemon Grove near Jacumba on Highway 80.

Vermiculite, he explained, in its natural state has the appearance of granite but crumbles at the slightest touch. As a soil conditioner and preservative it is coming into prominence and popularity as one of Nature's wonder minerals.

Vermiculite breaks up hard or adobe soil by holding moisture, Johnson said. According to tests made by the University of Arizona vermiculite applied to soil in a patch stand of lettuce showed an increase yield from 26 seedlings to 62 seedlings and from 39 to 48 per linear foot of seed row. It also works equally well on all crops and in groves. It is being used in large quantities now, Johnson said, on can-

Grove Women To Be Hostesses To County Jr. Federation

San Diego County Junior Federation of Women's Clubs will hold their county conference and luncheon in Ocean Beach at the Woman's Clubhouse Saturday at 9:30 a. m. Lemon Grove Juniors as co-hostesses have charge of the decorations which will carry out a Cinderella theme, according to Mrs. Bert A. Betts, Federation Extension Chairman.

Mrs. James A. Martin, Jr., President of Lemon Grove Juniors announces a business meeting will be held in the Woman's Clubhouse on October 13th at 8:00 p. m. A report from the budget committee and the Build a Better Community chairman are on the agenda. Hostesses for the evening will be Mmes. Joseph A. Finkleman, William Miller and James Feuling.

Delicacies and tomatoes in addition to lettuce.

The gray pervious mineral was once considered useless, then suddenly California farmers found it made almost unworkable soil productive and they began buying it in huge quantities. Johnson has a pretty accurate formula for becoming wealthy via vermiculite. Says he, cost of

GROVE TO HAVE TALLEST TREE AGAIN

The Board of Directors of the Lemon Grove Chamber of Commerce this week approved a plan to decorate the "tallest Christmas tree in the state".

The 100 foot tree at the corner of Imperial and Golden has been chosen. This year a "completely decorated" tree will be contracted for, the board stated. Business firms in the community will underwrite the cost although contributions will be accepted from local residents.

Martin Kennelly Father Of Asst. Postmaster, Passes

Martin Daniel Kennelly, 70, retired Navy chief petty officer and father of Lemon Grove's assistant postmaster, died Sunday in his home at 4321 Merritt Blvd., La Mesa.

Survivors are his widow, Marie, son, Martin E. Kennelly of Lemon Grove; two daughters, Mrs. Eileen Clifford and Mrs. Marie Gay, both of San Diego; two sisters and six grandchildren.

More Grove Value Days Next Week

Another week-end of values is being planned by Lemon Grove business firms as they set October 15 and 16 as October Dollar Value Days.

A similar promotion was held last month with varying success. Most firms who advertised single values at deeply cut prices attracted new customers. Plan this month is to restrict ads to a single piece of merchandise priced at a specially low price.

Te REVIEW will be distributed by delivery boy without cost to 1,000 residents in the College and Vista La Mesa area with an invitation to shop in Lemon Grove.

Meanwhile Grove businessmen are pushing the merchandising advantage enjoyed by this area: 1. (no city sales tax), 2. (plenty of parking), 3. (no parking charges or meters of any kind).

Long range plan is to educate prospective patrons in all directions from Lemon Grove on the fact that Lemon Grove has become an important market center during the last twelve months and that everything that can be purchased elsewhere can be purchased in Lemon Grove. In addition to merchandising practices which compare favorably with those downtown, the parking and tax savings should be an important influence in that customers buying habits.

S. V. SEWER ISSUE ROCKED BACK

The \$1,700,000 Sewer Bond Issue took a thumping defeat Tuesday as 2,341 Spring Valley residents voted the issue down and 1,034 voted for it.

It was the largest election ever held with 75% of the area's 4,375 voters casting ballots.

Twelve out of thirteen precincts voted the issue down. In addition to attracting the greatest number of voters the election was one of the bitterest ever held in the area.

MRS. LOUER NAMED TO GO

Mrs. Paul Louer, president of the Business Women's League, was named unanimously to the Board of Directors of the Lemon Grove Chamber of Commerce, Tuesday night. She replaces Wayne Johnson who resigned due to pressure of other interests.

Car Wash Is Kids Cooling System

Mark Twain once said "Everybody complains about the weather but nobody does anything about it" but he didn't reckon with some Lemon Grove kids.

The recent "unusual" California weather which sent heat records toppling but the opening of a new automatic car wash at Bill's Self Service resulted in a lot of "cool, clean" fun for some Darryl Street youngsters.

Riding the hood thru the car wash is Johnny Scheneman, Danny Goodwin, Sheri and Marlene Nadler, and Darryl Huyser, all residents of Darryl St.

Bill's automatic car wash is the first completely automatic device of its type in the county and is connected with his service station at Broadway and Massachusetts.

Grove Teachers Begin In-Service Program

Teachers of the Lemon Grove School District start an in-service education program this month at the five schools when Virgil Howes of the County Office conducts a series of classes in guidance and related matters. It is a program designed to acquaint all teachers with new techniques and procedures involved in counseling and guidance.

S. K. Solleder, assistant superintendent, who completed arrangements for the in-service training program, said the Lemon Grove District has reached the size where it is no longer possible for the County Office to provide adequate guidance facilities, and since this phase of the educational program must, therefore, fall almost entirely upon individual teachers, the professional responsibility must be met by a thoroughly trained staff of teachers. Those who are at present engaged in the Prescott Child Study Groups will not be asked to participate in this endeavor since the work to be covered is so similar.

Part of the Broadway musical hit "Brigadoon" will be staged on skates.

State Aid Reduces Local School Taxes

It will require \$18,000, less in local tax money this year to operate the Lemon Grove Elementary School District than it did the same period last year.

Not only is less local money needed to operate but the tax rate is lower and the tax total is less in spite of increased county assessments.

Tax rate of operation of the district school has been reduced from \$3.41 to \$2.30 for the current fiscal year. A total reduction of \$1.11. Of the total reduction, 64c has been accomplished in the elementary district and the remainder in the Grossmont Union High School and Junior College District.

Increase of about \$150,000 for salaries of teachers and classified personnel goes into the new budget. Eight new teachers, two new classified personnel and salary increases for all teachers and classified employees and also additional operating costs for the new facilities in the Lemon Grove Elementary School contribute to this increase. Increases are being drawn from state aid.

Almost 80% of the \$750,000 general fund budget comes from the school district from the Retirement State. The New State School Fund Apportionment formula has been so designed as to provide greater equalization of distribution of school funds, providing a

more equal standard of education in communities with low assessed valuation.

The local District will levy only 91c tax for operations although authorized to exceed the 90c maximum statutory tax up to \$1.40. Some of the services provided by the operational tax include partial payment for all salaries, utilities, equipping new rooms and the district contribution toward a retirement plan for classified employees and provisions for some recreation programs and participation in the Cuyamaca Encampment.

Here are the various school tax rate charges for the 1953-54 period. These include the elementary, high school and junior college figures:

1,000 New Phones For Lemon Grove

Mrs. Thomas Baldwin, 3057 Cypress Avenue, Lemon Grove, checks her new telephone with her three and one-half-year-old son, Tommy, Robert Houx of El Cajon, is the installer. The telephone is one of 3,000 that are being "pre-wired," they will be cut into service in October.

Pacific Telephone installers have been "pre-installing" telephones in Lemon Grove for the past several weeks in preparation for the cutting-in of additional dial equipment in the La Mesa central office late this month.

Manager Sidney Campbell said the installers are working on over-time shifts. Around 1,000 telephones throughout the La Mesa exchange will be placed into service at the time of the cut-over, and another 2,000 will be added by the end of the year.

The manager explained a "pre-installed" telephone as one that actually is placed in the individual home or business and connected to the central office; the lines won't be able to be used until the job of providing additional dial equipment is completed.

Seventy-five Western Electric installers have been placed on day and night shifts in the dial office at 8270 Lemon Avenue to speed the \$1,800,000 project, he said.

Deer Hunting Good In Inyo-Mono Area

Opening weekend deer hunting in the Inyo-Mono area was good, considering the great number of nimrods participating, the Automobile Club said this week.

The per capita will in this area was not high, but many deer were taken.

Validation stations reported the following: Bridgeport-Coleville-Sonora area, 150 deer; June-Silver Lakes-Mono Basin, 150; Mammoth Lakes, 60 to 70; Convict Lake-Rock Creek, 30; Bishop-Buttermilk-Pine Creek-Horton area, 130; Big Pine-Kid Mountain-Baker Lake, 60; Independence, 30; Lone Pine, 40; and Monache 60 to 70.

Reports indicate that deer hunting in both Riverside and San Bernardino Counties was very poor.

Grove PTA Sees Teaching Film

"What Greater Gift," a film dramatizing the teacher as a professional person, was one of the highlights of the first programs of the year when the Lemon Grove School P. T. A. met last Thursday at the San Miguel School auditorium. Music was provided by the Melody Airs, well-known quartet from the San Diego area. Both the film and the singers were introduced by Mrs. Virgil Danielson, program chairman.

Following a brief business meeting, in which the budget for the coming year was read and approved, Mrs. John Dail, president, introduced the officers and other board members of the association, and Ben I. Schel, junior high school principal, presented the entire faculty to school patrons. Theme for the evening was "Spotlight on the Coming Year," in keeping with the year's theme, "Focus on Our Future."

United States Post Offices this week are celebrating National Letter Writing Week which runs until the 10th.

With the slogan "Letters Bring Happiness" the nation's postmasters will emphasize the relationship of postal service to the needs of every day communication. Letter Writing Week, they say, will bring pleasure and happiness to millions throughout the country and will aid in renewing many contacts in friendships that might otherwise be lost. Many people, the postmasters fail to point out, will be receiving monthly bills during this period.

Youngsters Snared Snatching Sweets

A sweet tooth led two Lemon Grove youths into the toils of the law last week. The youngsters in their early teens were apprehended in the Ranch Market in the 7500 block on Broadway by Patrolman Johnson.

Johnson observed the youngsters inside the market about 10 o'clock and waited for them to come out. When they did they were loaded with all the pastries most kids dream about.

They were turned over to the custody of their parents. It is reported that the youngsters now flinch when baked goods are mentioned.

Effects Of Double Sessions Viewed By Council

The San Miguel School auditorium in Lemon Grove will be the scene of an open meeting of the Mt. Helix Council of Parents and Teachers Wednesday evening at 7:30. All school patrons in the Lemon Grove and La Mesa-Spring Valley School Districts are urged to attend this program to hear Dr. Burton Tiffany of the Chula Vista Schools who will speak on "How Double Sessions Affect Teaching." Last year many teachers in these school districts assisted Dr. Tiffany in compiling factual material used in his study. Charts and illustrations help emphasize the effects of double sessions in elementary school both in California and in the nation.

The program also includes a report on the recent Curriculum Planning Committee Conference at Cuyamaca by Mrs. Donald Pray. Hostess units for the evening are from Monterey Heights, San Miguel, and Spring Valley Schools. Mrs. S. K. Solleder is president of the Council which embraces twelve schools in the two districts.

Monday. Money for robes for two choirs and uniforms for pom-pom girls and marjorettes was discussed. A white elephant and green thumb booth is planned for the Halloween Carnival at Golden School.

Paul Cheatham, director of music, made awards to poster contest winners. Winners were: 1st, John Taylor; 2nd, Ferol Martin; 3rd, Harriett Collins; Honorable Mention, Dale Goodwin. Sue McDonald, Pat Boone and Johanna Correll.

"Funny thing about trouble-it always starts out being fun," says Bill Parsons, Grove's jovial realtor.

Another Senior Scout to attend the convention is Ann Hinde of Calavo Gardens. She is the daughter of Mr. and Mrs. W. F. Hinde.

The girls will participate in voting on national policies and relate activities of local scouts. Money is being raised by the sale of song booklets to all scouts and brownies and may be obtained from Mrs. A. R. Sharp, 4150 Blackton Dr., Vista La Mesa. Denison's Luck
Good On Fish —
Bad On Deer
Frank Denison, sport shop operator 7095 University Ave., has returned from a High Sierra hunting and fishing trip.
Starting at Lake Sabrina where he fished for two days, he got his limit of trout on flies using a white miller, a mosquito and a blue bottle. He then moved north to the north lake country scouting for deer and saw one buck. A day later he went up the valley to Bridgeport, taking in Rock Creek, McGee Twin Lakes, June Gull, Silver Rush Creek, etc. Fish were plentiful and took flies readily. Another two days were spent deer hunting with no success.
He camped mostly at 9,500 feet with temperatures ranging down to 28 degrees.

Grove PTA
Membership
Drive Starts
With the slogan, "A Million Work in Unity: Here's Your Opportunity... Join the P. T. A.", the membership campaign at the Lemon Grove School P. T. A. went into the first of its two week drive. October 17, all parents of students at the sixth, seventh, and eighth grades at Lemon Grove Junior High will be asked to join the organization. Fifty cents is annual dues.
Mrs. Leroy Birch, membership chairman, and Mrs. Fred Champlin, assistant chairman, have distributed envelopes to the students at school. The homeroom with the highest percentage of membership will win the five dollar award. Second and third place awards will also be made.
The art department at the junior high is planning a billboard showing progress of the drive. The eighth grade students have just completed a poster contest emphasizing the importance of P. T. A. membership.
Awards were given the win-

ning posters at the P. T. A. meeting last week at San Miguel. Sandra Perkins won first place, Mary Conner, second, and Sharon Cassell, third. Honorable mentions went to Dawnette Williams, Patricia Boone, Sonja Larson, Jim LaTulippe, Nancy Gray, and Bill Whalen. Posters are being displayed in various stores throughout the Lemon Grove area. Judges for the contest were Mrs. John Dail, Mrs. Loy Holmquist, Mrs. June Mason, and Keith Dolan.

Burton Jones, operator of the Helix Theatre, has a treat in store for the first home room getting 100% membership. Helix P. T. A. will present the student body with a plaque bearing the Helix coat of arms at the end of the enrollment period.
The Hoot-Mon Royal Burger Fry, which drew more than 500 parents, teachers and students at its initial meeting, indicates that the goal is within the realm of possibility.
Kelman Aiken, program chairman, is committed to keeping the meetings informative and enjoyable. Everybody is invited.

QUESTIONS FOR INFORMATION ONLY: No Criticism Intended Dept.

When will Helix Hi have its own athletic field? Is it too old fashioned to suggest a return to Friday or Saturday afternoon high school games? Is it wise for the City League to continue to hold their annual Football Carnival when some 15,000 enthusiastic teen-agers are suddenly converted from an orderly crowd within the confines of Balboa Stadium into a howling speed-crazy mob on the highways?

YOU GOTTA EARN IT NOW
State Controller Kirkwood's press release of September 30, discloses the only decrease in revenue from a department in 1952 came only from Inheritance and Gift taxes. However, before you throw rich old Aunt Emma out of the house, it might interest you to know that a rather tidy sum was still collected in Gift and Inheritance taxes this year.

THE SOONER ONE OR MORE of our local clubs follow through with a plan of naming a "Youth of the Month" the better. Recent publicity involving local youths in a "gang war" points up the need for such a move.

JOHNSON HITS PAYDIRT

mining this material is slight—about 50¢ per ton. Present small quantity price on the wholesale market is \$90 per ton. Railroads have set a shipping rate of \$15 a ton to any place in the United States, that leaves \$74.50 a ton to get the product into the railroad car, which Mr. Johnson says can be done for about \$2.

Johnson came to California January 1st of 1900 and has been very active in the gem field. He was a partner in the Old San Diego Gem Co. and took part in the big mineral strike in nearby Pala and Mesa Grande at the turn of the century. His collection of gems at his Waite Avenue residence is still one of the outstanding points of interest in the Lemon Grove area.

IT COULD HAPPEN TO YOU DEPARTMENT.

William Miller, vocative opponent of the Spring Valley Sewer Bond Issue finally succumbed to a television forum. Miller made a long hard pitch on his reason why the present sewer plan should be rejected. His closing sentence carried a lot of punch and emphasis, but he inadvertently cried "vote FOR sewers tomorrow!"

few bell rings.

Each service club will have an opportunity to win a costume prize and prizes will be broken down into several categories, funniest, most original, and the most artistic.

Music will be furnished by the Melody Aces, a well known dance band, and food will be prepared by Henry Goldy, operator of Michael's. The Lions will take charge of the kitchen as well as the bar. The entire operation will be under the control of the Lions.

HOSPITAL NEEDED

areas. Major population centers are the cities of El Cajon and La Mesa and the unincorporated community of Lemon Grove, plus other smaller communities from Rolando Villane to Campo. The district is estimated to have at the present time 88,917 population and is expected to have 111,000 population by 1955, when the hospital would be constructed and ready of operation.

Only public hospital in the entire area is the small La Mesa Community Hospital which has four-tenths of one bed per thousand population. The United Cording to Dr. Don Johnson, Lion of the Lions for the evening, president.

The hall is not restricted to members of the Lions and their families. It was pointed out by Dr. Cal Nichol. Everyone is welcome to come and tickets may be obtained at \$2.50 each from any member of the Lions or Lionesses.

Location of the hospital is having good access from all parts of the district, and making necessary arrangements to secure adequate access roads, sewers and utilities at the site. The proposed building would be three stories and basement, and it is estimated that construction will get under way soon after January 1, 1954, if the bonds are approved, the statement said.

Approved 3 1/2 to 1
The hospital district has been in existence since 1952 when the voters of the district approved by a 3 1/2 to 1 vote formation of the district with the objective of eventually constructing a district-owned hospital. Since that time the directors of the hospital district, using the two mill tax rate which is now being paid by all property within the district, have done all preliminary work toward actual construction of the hospital, including purchase of the 25 acre site atop a knoll.

States Public Health Service considers 3.5 beds per thousand population as an absolute minimum for the safety of the people. All other hospital facilities are ten or more miles from Grossmont, which is the location of the proposed Grossmont District Hospital.

by the present tax rate which would be economically sound. The statement said. The district board estimates that during the first year there would be admissions to the hospital of average daily admission of 14.52 patients.

This work having been completed, the directors estimate that they can pay off the \$800,000 bond issue over a 20 year period out of the revenue raised by the hospital district on October 2.
